

Safety tips for your next ride

Here are some helpful
safety tips for using Uber
on and off campus

Be careful at night and trust your gut.

Be aware of your surroundings, have your phone available, and try to request rides in well-lit areas. If you see something out of the ordinary, trust your instincts and don't hesitate to call campus authorities for help.

Help at a moment's notice.

If you ever feel uncomfortable on a trip but aren't in an emergency situation, you can tap the safety shield icon, select **Contact safety agent**, and get help from a trained ADT agent—either on the phone or silently via text. If the situation escalates, ADT can call 911 for you.
